

Homework week commencing 23rd October 2023

Welcome back Year 3! I'm excited about the upcoming term, which will be filled with wonderful learning opportunities, culminating just before our Christmas holidays!

We are continuing to use [Atom Learning](#) and this week you have been set addition and subtraction questions. The homework will really help you to remember and re-cap all the work we have started in class on adding and subtracting confidently.

To get the most out of your practise, make sure that you take your time and do not rush through the answers. All the best!

Any questions, please don't hesitate to contact me via email.

Kind regards,

Mrs Padam
