

Homework week commencing 11th September 2023

I really enjoyed reading your research about Thurnby and Bushby! Great work everyone! House points are waiting for you.

This week, I would like you to complete a Maths quiz about place value, showing understanding of larger than and smaller than number using symbols $<$ $=$ $>$.

The task has been set on **Purple Mash** and should be handed in by Monday 18th September. All the best!

Any questions, please don't hesitate to contact me via email.

Kind regards,

Mrs Padam
