

# EYFS Curriculum Information

## Summer 2 - Wheels in Motion

This half-term we will be learning about vehicles and transport!

During this topic we will be learning about transport in the past and present as well as journeys, our local area and simple fieldwork.

We will continue to have focus stories each week and will be helping the children to develop re-telling by remembering the beginning, middle and end to a story. Children will be encouraged to use and understand new vocabulary during discussions and in their work.

In our Maths sessions we will be learning about sharing, grouping, odd and even numbers and doubles again and visualizing and building models and maps.

## Personal, Social and Emotional Development

Perseverance and independence

Road safety
