*Salvation topic*

Can I share my opinions about Holy Week?

## 2A.5 SALVATION RESOURCE SHEET 2: HOLY WEEK EMOTION GRAPH

Mark on the graph the emotions felt by Mary during Holy Week. Write a label on the graph for each event. What feelings do you think Mary experienced? What might she say to Jesus, or to her friends? What might she say to God in her prayers?

**A**  
Palm Sunday:  
Jesus entering  
Jerusalem

**B**  
Good Friday:  
Jesus dies

**C**  
Easter Sunday:  
Jesus rises!

## Recap activity

With a friend or family member - complete the Holy Week Emotion Graph from last week's learning.

# Reflections

From last week, you learnt about Holy Week.  
Let's discuss and share our thoughts about  
each event.

## Activity

Discuss and answer these questions in your RE/Green book.

## Palm Sunday

How did you feel learning about Palm Sunday?

What did you find interesting about the event?

## Good Friday

How did you feel during this event?

Would you have attended the crucifixion?

What are your thoughts about Jesus's choice to doing this?  
(Sacrificing himself)

## Easter Sunday

What was Mary's first reaction when she saw the tomb was empty?

What does Easter Sunday mean to Christians?

# Discussion - Good Friday

Do you think Mary would have agreed that the day Jesus died should have been known as Good Friday?

Give reasons for and against.

# Make a Palm Cross

## Palm Cross

You will need:

- A palm

Fold your palm in half horizontally to find the centre.

Lie your palm flat on the table horizontally in front of you.

Fold the right-hand end of the palm straight up at the centre fold to form a right angle.

Fold the same top strip back down over the back of the cross.

Then fold back up and over again (to make a square on the back).

## Palm Cross

Fold the left strip over the centre to the right.

---

Then fold this strip away from you and pull through the square on the back (all the way through).

---

Bend the top strip forward and down, pulling the end through the centre square to create a 3cm shaft (at the top of the cross).

---

Fold the left-hand strip backwards and put through the square on the back to form the left crossbar.

---

Fold the right-hand strip back pulling through the back square to form right crossbar.
