

WEEKLY CLASS UPDATE

DATES: 15-19th December 2025

Phonics

This week our sound has been /z/
Our tricky word has been 'all'.
Hopefully you have received your
child's home sounds pack. Please
use these to consolidate your
child's phonic knowledge to date.
This will really support their reading
journey going forward.

Maths

We have been looking at early
measure of time starting with day
and night.

We explored different activities we
do during the day compared with
night as well as compared diurnal
and nocturnal animals.

Other things we have learned

Nativity practice has been high on
the agenda this week. We have used
it as an opportunity to talk about
and build our confidence in
performing for an audience as well
as explore the story of the first
Christmas.

Our story this week has been 'The
Jolly Christmas Postman' which the
children have really enjoyed. They
have taken inspiration from the
story to make their own Christmas
letters, lists, labels and cards.
Reception has looked somewhat like
a sorting office!

Reminders and Important Dates

A massive and heart felt thanks to all our wonderful families and carers
for all your support this term; it means so much to us and our school
community. Thank you also for all your incredibly kind and generous
cards and gifts.

We return to school after the Christmas break on Monday 5th January.
