

WEEKLY CLASS UPDATE

DATES:

12-16th January 2026

Phonics

This week we have been introduced to the concept of two letters making one sound. We have been looking at /ll/ and /ff/.

Our high frequency word this week is 'all'. Our focus words this week are 'and', 'its', 'went', 'help' and 'just'.

Other things we have learned

We have continued with our story 'Here Comes Jack Frost' and even turned our Story Map into a Musical Trail. The children loved re-telling the story using instruments for effects.

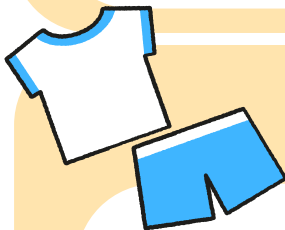

We also received a letter from Jack Frost asking for his help to free some frozen penguins. The children had lots of great ideas on how to free the penguins and we conducted an experiment to test their theories.

Maths

We have been looking at 'one more' in maths this week and building towers that are one bigger than their predecessor. We noticed how following this pattern makes a 'staircase' pattern.

We continue to work on our subitising skills (determining number without counting).

Reminders

Please remember PE kits; our PE days are **Wednesdays** and **Fridays**. Please remove all earrings and for new piercings, please can you tape your child's ears.
